

Valentine's Day Categories

Categories games are a favorite of mine. But puzzle books never include enough of them to satisfy me. So I'm creating some of my own, in case some of you out there like them too.

When doing a Categories game, think of a word or phrase beginning with the indicated letter. If nothing comes immediately to mind, get creative. You want any word or phrase that connects to the category, no matter how remotely. Think of nouns, verbs, adverbs, adjectives. Consider every aspect of the category. For example, if you're trying to think of a word related to Baseball, you might name something used in the game, like "bat" or a team, like "Boston Red Sox."

Of course, you can do these simple games by just thinking up answers. But I will include a downloaded version, in case you would like a hard copy. On the second page of the downloaded version, you will find my answers.

I hope you enjoy these games as much as I do!
