

## Entertainment Categories Game

When doing a Categories Game, think of a word or phrase beginning with the indicated letter. If nothing comes immediately to mind, get creative. You want any word or phrase that connects to the category, no matter how remotely. Think of nouns, verbs, adjectives, adverbs.

Your answer doesn't have to relate to the theme of "entertainment." It can be related to the category in any way. For example, in the category of music, you may name a certain song: "She'll Be Comin' Round the Mountain," a category of music: serenade, an instrument: saxophone, or a music term: staccato.

Of course, you can do these simple games by just thinking up answers. But I have included a download version, in case you want a hard copy. On the second page of the download, you will find my answers.

Have fun!
