

Bits and Pieces Categories Game

When doing a Categories Game, think of a word or phrase beginning with the indicated letter. If nothing comes immediately to mind, get creative. You want any word or phrase that connects to the category, no matter how remotely. Think of nouns, verbs, adjectives, adverbs. Consider every aspect of the category, and you'll be able to think of a word or phrase that works.

Of course, you can do these simple games by just thinking up answers. But I have included a download version, in case you want a hard copy. On the second page of the download, you will find my answers.

Have fun!
