

Outings Categories Game

When doing a Categories Game, think of a word or phrase beginning with the indicated letter. If nothing comes immediately to mind, get creative. You want any word or phrase that connects to the category, no matter how remotely. Think of nouns, verbs, adjectives, adverbs. Consider staff and structures. For concert, you could name instruments or musical terms, but don't forget your favorite singer or favorite songs. For library, think about book titles, topics, and authors. For museum, consider types or names of museums, types of exhibits, items that might be found in exhibits, or names of artists.

Of course, you can do these simple games by just thinking up answers. But I have included a download version, in case you want a hard copy. On the second page of the download, you will find my answers.

Have fun!
